| STATE & UI     | SCSS / Responsive Design / Figma                                  |
| BACKEND & DATA | Node.js / NestJS / REST APIs / Laravel / MySQL / PostgreSQL       |
| WORKFLOW       | Git / GitHub / Docker / Adobe XD / WordPress                      |

## EXPERIENCE

MAR 2023 - PRESENT

### Full-Stack Developer

**O-Technique International Myanmar Co., Ltd**

- Develop scalable business applications using Next.js, NestJS, TypeScript, and SCSS.
- Build reusable list, detail, and advanced search experiences across frontend and backend.
- Collaborate across product, design, and engineering to deliver responsive production features.
- Investigate defects, resolve production issues, and improve application behavior across devices.

JUL 2019 - AUG 2021

### Front-End Developer

**Management Partners Myanmar Co., Ltd**

- Built responsive web interfaces with Vue and Laravel.
- Delivered the complete frontend UI for a Flutter mobile application.
- Translated product requirements into maintainable, device-ready experiences.

JUN 2016 - FEB 2019

### Web Developer

**Host Myanmar Co., Ltd**

- Created WordPress and custom websites with semantic HTML, CSS, JavaScript, jQuery, and PHP.
- Worked across frontend and backend delivery from initial build through launch.

# Selected Projects
